

# Fe at nominal 5000 K — corrected HCP TDEP references

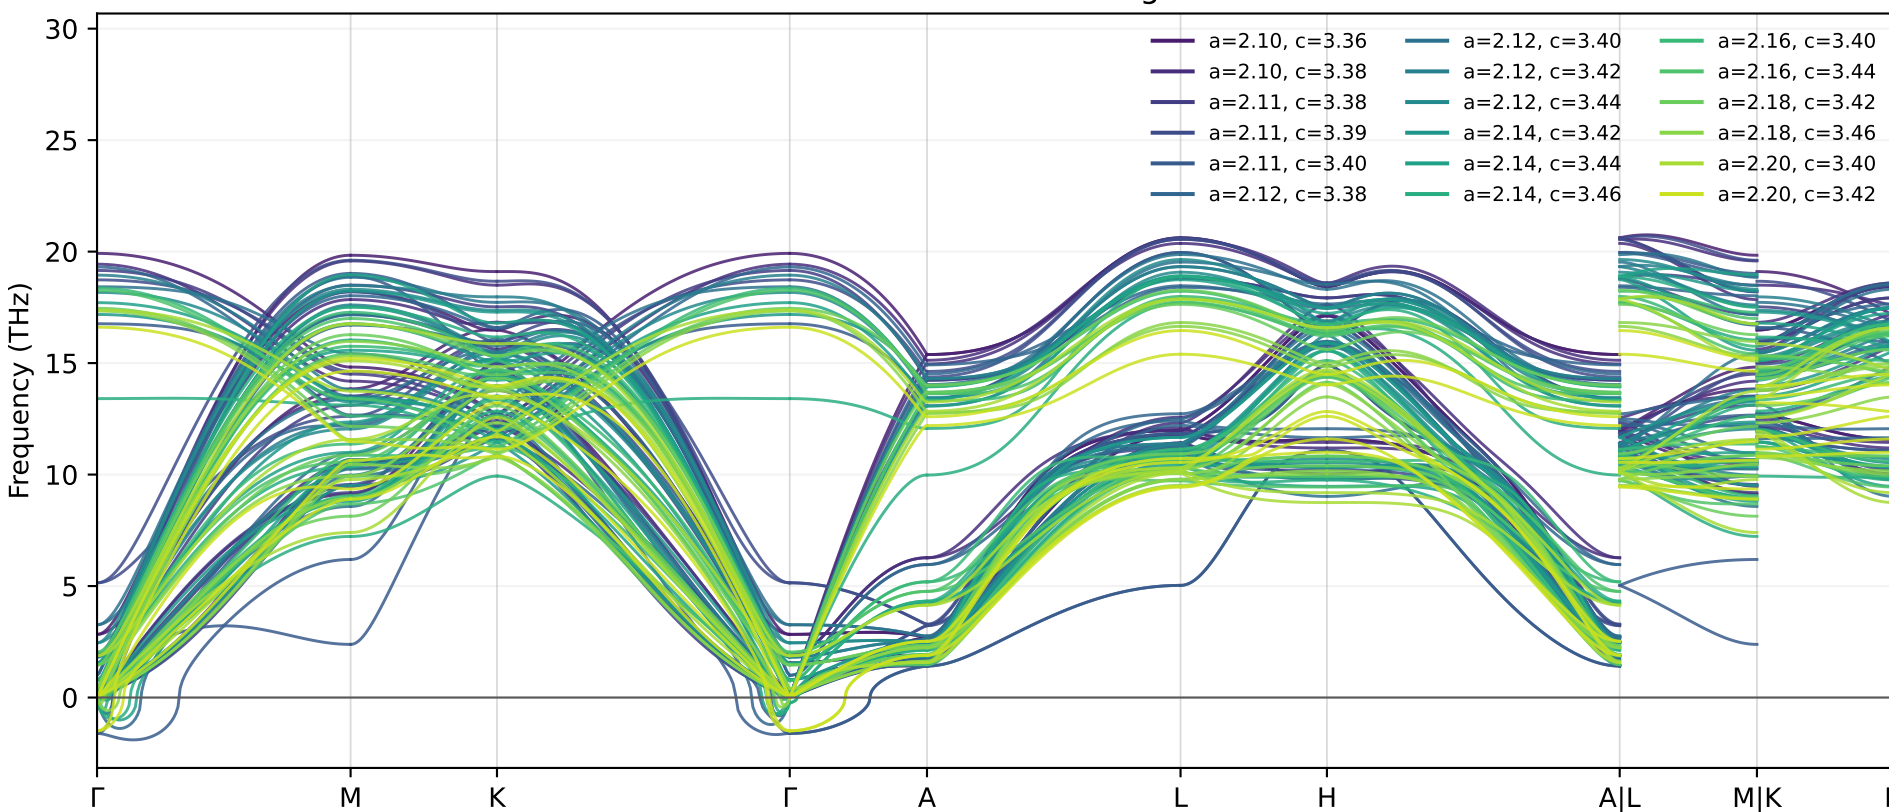

HCP refits: 3 cases pass the mean-position reference screen

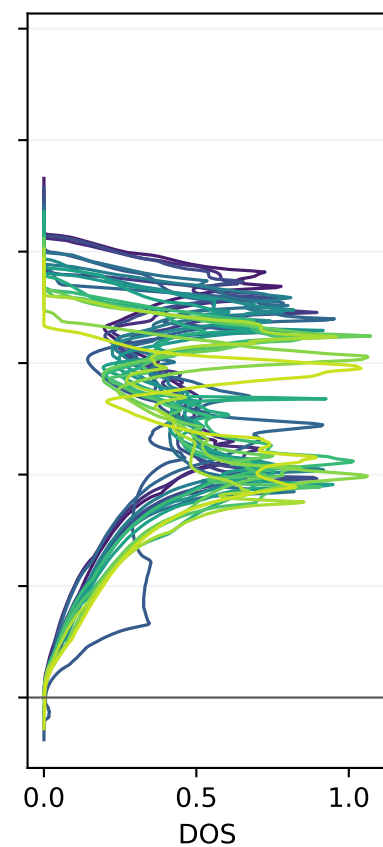

Total DOS

Other 18 corrected-reference refits: larger reference offsets

Total DOS

Existing AIMD forces • frames 200–399 (finite frames only) • a, c in Å  
Reference screening is not a convergence test; all 21 refits are shown.
